Callington
Cornwall
PL17 8PP

t: 01579 370740
f: 01579 370920
e: info@advancedpanelsystems.co.uk

Directions from Launceston

Tavistock Road – A388 (signposted Plymouth).

Continue on this road for about 10 miles

You will go along a long straight piece of road and you will see a sign on the right for Bodmin – do not turn into it but about 100 yards on from that you will see an opening on the right with the sign for Advanced Panel Systems.

Turn right into that junction and continue on down the driveway where you find our Company.

Directions from Callington

On the Saltash Road – A388 (signposted Launceston).

At the traffic lights go straight ahead towards Launceston.

Go through Kelly Bray village and about a mile outside Kelly Bray you will pass Camelot Kennels on the left.

About two hundred yards on the left you will see a big green sign. After this sign but before the Bodmin turning on the left you will see an opening with a sign for Selleck Nicholls and Advanced Panel Systems.

Turn left and down the drive and you will come to our Company on the right hand side.
